Scott Haley,

As per our conversation today, this email requests that Mr. Chesley be changed back from Mini Reporting to Full Reporting. His campaign was originally set up to go full reporting. He is running for a position of Prosser City Council Member.

However, due to miscommunication, Mr. Chesley inadvertently changed his campaign from full reporting to mini reporting on 6/21/23. Mr. Chesley is a novice to the political arena and the paperwork entailed to get his campaign running correctly.

On behalf of Mr. Chesley, I plead ignorance and understanding about the lack of knowledge of the ramifications of making this change.

Thank you.

Charlotte Benjamin

Ministerial Treasurer

Hi Kendra,

Charlotte Benjamin called me to explain that James Chesley mistakenly changed his candidate registration from full to mini and he'd like to change it back. My former supervisor Chip said that if they register for mini reporting in error and they report the problem soon after it happens, we can let them change to full without going through the whole process to change to full. I think that this legitimately was an error. He made the change on June 21st and Charlotte Benjamin reported it on June 23rd. With your permission, I'll click the button to allow them to change the registration back to full. I'll attach the messages from Charlotte and the candidate to the committee.

Thanks,

--Scott

Notified to:scott.haley@pdc.wa.gov

While the deadline to request for mini to full has already passed in relation to the primary - based on the dates of the changes related to June 21 and the conversation on June 23 the change back is approved.

Of note: no C-3's or C-4's are on file prior to June 21.
